

Technical and Vocational Programs

D 45 97 0 Health Science: Therapeutic and Diagnostic Services – Nurse Aide Pathway Diploma

CONCENTRATION OVERVIEW

The Nurse Aide curriculum prepares individuals to work under the supervision of licensed nursing professionals in performing nursing care and services for persons of all ages. Topics include growth and development, personal care, vital signs, communication, nutrition, medical asepsis, therapeutic activities, accident and fire safety, household environment and equipment management, family resources and services, and employment skills.

Upon completion of this concentration, graduates may be eligible for listing as a Nurse Aide I and other selected Nurse Aide registries.

Student Learning Outcomes – Upon completion of the program, students will:

1. Demonstrate competency in providing safe basic personal care for individuals with emphasis on the elderly.
2. Identify the role of the Nurse Aide I and the health team members.
3. Demonstrate a basic knowledge of anatomy and physiology to better understand the concepts behind the advanced skills performed by Nursing Aide II's.
4. Understand advanced skills of the Nurse Aide II to meet the daily needs of the patient/resident.

Partnership: N/A

Some Health Sciences and Wellness Programs may have additional requirements related to required GPAs, grades, and other progression policies required for graduation. Please see program handbooks for more information.
