## **Technical and Vocational Programs**

## C 45 60 0 Phlebotomy – Certificate

#### **CONCENTRATION OVERVIEW**

The Phlebotomy curriculum prepares individuals to obtain blood and other specimens for the purpose of laboratory analysis. Course work includes proper specimen collection and handling, communication skills, and maintaining patient data.

Upon completion of this concentration, graduates will be able to qualify for employment in hospitals, clinics, physicians' offices, and other health care settings and may be eligible for national certification as phlebotomy technicians.

## Student Learning Outcomes – Upon completion of the program, students will:

- 1. Successfully perform venipuncture by vacuum collection devices.
- 2. List essential information that should be on laboratory requisitions and specimen containers for identification.
- 3. Demonstrate appropriate interaction and communication with patients and staff
- 4. Demonstrate a professional attitude and behavior in the workplace.

handbooks for more information.
